

KHAJIEV ROMA

Web developer intern

ABOUT ME

I'm a computer scientist student who is passionate about building web apps from designing them in figma/sketch and putting into functional codes. Besides, I love learning about machine learning and AI models which make me a fan of ChatGPT...

EDUCATION

Online Courses From CS50

Harvard University

I have finished the [introductory course](#) from cs50 and am about to finish the one called "[Web Programming With Python And Javascript](#)"

Bachelor's degree in Computer Science

北京理工大学
BEIJING INSTITUTE OF TECHNOLOGY

Beijing Institute of Technology

I started my bachelor's degree in 2020 and I'm in my fourth year now.

PROJECTS

Auctions

Full Stack Project

I have built this project from scratch using Django and Bootstrap. Building Django models and retrieving data whereas in the front end I have used Bootstrap alerts and many other components. [Watch the video](#) -> [Github code](#)

Mail

Front End Single Page app

Having an API written in Django, I have built a front end mail app designing the website in figma and writing plain CSS and Javascript with animations and API requests. [Watch the video](#) -> [Github code](#)

Networking

Full stack app with websockets messaging feature

Having an API written in Django, I have built a front end mail app designing the website in figma and writing plain CSS and Javascript with animations and API requests. [Watch the video](#) -> [Github code](#)

MY SKILLS

Github

Figma

Neo4j (graph database)

SQL

HOBBIES

Reading

Soccer

Hiking

Music
